Plug into simplicity

# tap into amazing

**BARCO**

# Bring people, content and **ideas together**

**The easiest way to share big ideas and watch them grow.**

When you plug into simplicity, you make it easier than ever to bring people, content and ideas together.

With ClickShare you can share what's on your laptop or mobile device, on a presentation screen, transforming a meeting into a complete sharing experience with a single click.

No cables, no set-up, no waiting to join in. Meetings keep their flow and you keep your cool.

of users agree using  
ClickShare is easy

---

# Plug into empowerment

## No wires

ClickShare's universal USB-powered Button and ClickShare App for laptops, iOS and Android avoid the unsightly jumble of cables often seen in meeting rooms. The Button requires no special adaptor or port – so there's no need to carry additional wires or rummage under the table. And with no cables, you'll spend less time setting-up and more time being productive.

## Stress-free

Technology is on your side with ClickShare, its intelligence works everything out for you. With ClickShare in a meeting room, you can feel confident that your important presentation will transfer to the big screen at a single click.

## Simplicity

ClickShare couldn't be simpler. Everything works with a single click, leaving nothing more to figure out. Connecting ClickShare does not alter your screen size or resolution, so what you see on your laptop screen is replicated on the big meeting room screen.

## Intuitive

One click of the ClickShare Button or App gives you the quickest and most efficient way to access a meeting room big screen. When you use ClickShare for the first time, you'll wonder why you tolerated the hassle of cables for so long.

## Cross devices

Combining Button and App will give you an enriched content sharing in your meetings. Choose either the USB-powered ClickShare Button (for both USB-A or USB-C) or the ClickShare App to expand the meeting effectiveness.

# Team WORK

---

"ClickShare allows any of the 33 operators in the Crisis Chamber to wirelessly share content from their computer or mobile device onto the video wall; at the click of a button. ClickShare truly speeds up collaboration and analysis."

---

Steve Franklin, Technical Director at Cinos  
(British Airways Crisis Management Centre)

# Plug into efficiency

**Spend less time setting up and more time sharing and collaborating.**

ClickShare frees everyone to share what's on their device, on the same display, simultaneously. And because it's so simple to use, colleagues, customers and associates can present with confidence straight away.

ClickShare lets everyone take a more active part in every meeting, and the more input they share, the better the outcome. And with no set-up or cable to worry about, it saves time too.

# STRESS FREE

---

“With ClickShare, we don’t need much time to set up the system or instruct the customer. It is ready and easy to use. We can explain it in three simple steps.”

---

Kathrin Hanisch, Director of Event Management,  
Marriott Munich

# Plug into confidence

## No cables, no lengthy set-ups, no awkward moments.

The slides are polished. Meeting notes are in order. Everyone's waiting to share thoughts and ideas. But while you try to connect your device to the display, your anxiety rises as confidence shrinks. Sound familiar? We've all been there. With ClickShare, you'll never feel that worry again.

ClickShare lets you walk into any meeting room and share what you need to, no matter which device it's on – no cable, no set-up and no awkward moments.

Anyone – including guests – can connect with one click and share straight away. So, meetings start and end on time.

**20%** of meetings overrun due to equipment issues.

---

# SIMPLICITY

## Plug into **reliability**

### For trouble-free sharing, every time, everywhere.

You're working with clients and you need their input. But sharing on meeting room displays means downloading software, finding the right connection and trusting that technology won't let you down.

ClickShare connects wirelessly from PC's, Macs and mobile devices, giving colleagues and guests the freedom to share instantly. There's no need for instruction, network log-in or

technical support. You simply click, connect and share. In any type of enterprise meeting room: from huddle space, regular meeting room, board or conference room.

And you know you can rely on it in the long term because ClickShare is guaranteed for up to 3 years, with the option to extend to 5 years.

of people bring their own device to meetings, and expect to be able to present instantly.

---

# Plug into success

## Prepare your workforce and IT infrastructure and embrace the Future of Work.

Creativity boosts businesses. Enabling creative meetings, brainstorming and discussions in any type of meeting room, enhances team collaboration and business outcomes. With the wireless collaboration solution, ClickShare, users can simply share what's on their device, on the presentation screen and start ideation and collaboration effortlessly.

The ClickShare experience is now available for all type of meeting rooms, throughout the entire enterprise: from huddle space to meeting room, conference or boardroom.

ClickShare is designed for enterprise rollouts. It offers enhanced security features, full network integration, a wide range of interactivity features\* – including moderation, annotation, blackboarding and touch back support on a 4K canvas and central management with our eXperience Management Suite. No better match for companies that want to encourage creativity, ideation, collaboration and brainstorming, even in spontaneous, quick meetings.

With no training, no downloads and no IT support to worry about, ClickShare slashes trouble tickets and minimizes meeting room downtime. Simple, always-on technology means meeting room queues are reduced and rooms are used more often - helping you to make the most of your investment.

87%

of people report experiencing technology-related stress in the meeting

room. With ClickShare users can connect, click and share in seconds, effectively minimizing the business impact of tech-related anxiety.

\* Not for all ClickShare models

---

93%

"The vast majority of respondents who have experienced technology-related meeting stress say it has caused wider impacts."

---

# Plug into simplicity

## Turn stressful meetings into simple meetings.

The wrong technology can ruin a meeting. But, it doesn't have to be that way. With ClickShare, you can forget about recurring requests to repair meeting room technology. Forget the frustrations. Forget the hassle. And forget the stress.

Barco ClickShare commissioned research house Vanson Bourne to interview 1,000 office workers who run, present at or attend meetings from across France, Germany, the UK and the USA.

Of respondents who run or present at meetings, almost nine in ten (88%) have taken actions to try and prevent technology issues. Such actions impact upon the individual and also potentially the wider organisation when it comes to productivity and efficiency.

With 87% of respondents experiencing technology related stress in meetings, this is something that is having a big impact within organisations, with the vast majority (93%) of respondents who have experienced this stress saying it has caused wider business impacts.

Almost a quarter (24%) of participants have missed deadlines as a result of technology issues and 12% have even lost out on business or sales. And for one in ten people technology struggles resulted in missed personal opportunities such as promotions or credit.

The issues with meeting room technology clearly have a potential knock on effect of damaging both personal and corporate reputations. In this environment, 74% of respondents believe that meeting technology should be taken more seriously.

Technology that works with the touch of a button is seen by over half of respondents as something that would completely help with stress-free meetings.

53%

# Plug into presenting

## Share your way.

The ClickShare App allows for simple and intuitive content sharing with a click of the virtual Button from any laptop, iOS or Android device. The App enables users to easily share, show pdf, jpeg images or Microsoft Office Docs to the central meeting room screen in the same way as the traditional ClickShare Button.

Download the ClickShare App for free from Apple Store, Google Play or on [clickshare.app](http://clickshare.app), click the virtual Button and you are ready to share your content. Combining Button and App in your meeting stands for an enriched content sharing and boosting your collaboration even more.
