

VINCI4-BL

4" two-way 6 Ohms hi-fi
loudspeaker, black

VINCI4 is a low impedance 4" bass reflex speaker and is the newest product of the Apart VINCI Series. By keeping the design as simple as possible, we managed to create a true high-end speaker with the highest value for money.

The loudspeaker has a 4" coated paper cone woofer and a 3/4" silk dome tweeter. VINCI4 is compact, audiophile, neutral but also captivating... with great dynamics and stable stereo imaging.

Although this speaker is smaller than the VINCI5, they both sound similar.

You can mount the VINCI4 speakers on the wall or against the ceiling (by using the VINCI5BRA wall mount bracket). This makes them ideal to be used in restaurants, waiting rooms, small fashion stores... VINCI4 will provide you with many years of listening pleasure!
