IN2120 (SERIES)

InFocus
Bright Ideas Made Brilliant

Ultra-Bright, Ultra-Connected, Ultra-Affordable

IN2120

Make a connection with your audience and IT environment

The affordable InFocus IN2124 and IN2126 projectors deliver ultra-bright 3200 lumen images and advanced networking to light up and connect larger meeting and classrooms without breaking the bank.

Easy to buy and built to perform over the long haul, these projectors pack high brightness and contrast, HDMI connectivity, your choice of XGA or WXGA resolution, networking and BrilliantColor™ technology into a sleek, lightweight design that makes them easy to move or install.

Why choose the IN2120 Series?

- Up to 3200 lumens
- Network connectivity
- Long life lamps with Eco Mode
- HDMI connectivity
- Weighs only 4.8 pounds (2.17 kg)
- Crestron RoomView Connected and AMX Device Discovery built in
- 3D technology supports up to 120Hz frame rate
- 2-year limited warranty, plus extended warranty options

IN2124

XGA
(1024 x 768)
3200 lumens

IN2126

WXGA
(1280 x 800)
3200 lumens

Built to Perform and to Build-In

Impressive image quality
With up to 3200 lumens, connectivity with the latest widescreen notebook and HDMI devices, high contrast, and BrilliantColor™ DLP imaging, the IN2120 series projects big, bright beautiful images with the lights on and the blinds open.

Preset modes quickly optimize the image quality when projecting on screens, whiteboards, and even beige walls.

Connect to the latest devices
These projectors are loaded with connectivity options. Project from PCs, Macs, video sources, tablets and smartphones. The IN2126 with WXGA resolution projects high definition video and widescreen notebooks at full resolution without scaling.

Impress your IT department

Control over your network
The IN2124 and IN2126 have built-in services and can be controlled over the network using a browser.

These projectors are compatible with ProjectorNet™ 3.0, our free asset management software that enables you to get an email notification of low lamp life, set up automatic power-down scheduling and receive immediate theft prevention notices when a projector goes off-line.

Send important announcements or emergency notifications for instant display to all or specific projectors on the network.

Crestron RoomView Connected and AMX Device Discovery technology is built into the projectors for easy connectivity, programming and control with those room control systems.

Ready for work 24/7
Rated for 24/7 operation and they're designed for easy maintenance with no filters to buy or replace. The lamp door is on top of the projector for easy replacement, even when the projectors are installed.

Comprehensive Connectivity

HDMI 1.4	Composite Video
VGA x 2	RJ45/LAN
S-Video	USB Mini (control & firmware)
3.5mm stereo input	

Go wireless with LiteShow
Connect the optional InFocus LiteShow III wireless adaptor to any projector or other display to quickly and easily share data, audio and video over a secure wireless connection. Send data, audio, and video over a 300-foot (91m) range.

LiteShow III

Even your finance department will be impressed
With low prices up front, long lasting lamps and filter-free operation, these projectors take low total cost of ownership to new lows. A 2-year limited warranty and extended warranty options lower the risk of replacement costs.
